Keep trees away from major sources of heat (fireplaces, heaters, heat vents, direct sunlight).
Always inspect light sets prior to placing them on the tree. If worn, replace with a new set.
Do not overload electrical circuits.
Always turn off the tree lights when leaving the house or when going to bed.
Monitor the tree for freshness. After Christmas or if the tree is very dry, remove it from the house.
Never burn any part of a Christmas tree in a wood stove or fireplace.

TREE SAFETY

Families have safely enjoyed the beauty and joy of Christmas trees for centuries. However, it is important to follow the safety tips below when displaying a real (or artificial) Christmas tree. Sensible precautions such as these will help preserve the unique beauty and tradition only a real Christmas tree can provide.

Planning Your Visit to a Choose & Cut Farm

Be prepared for an adventure!
Make sure you wear proper clothing, especially foot wear. If you plan to cut your own tree, bring gloves. Many farms offer refreshments, but not all. Have water on hand. Also consider that not all farms have restrooms.

Be aware of your surroundings...
Many farms try to keep their fields well-groomed, but it is an outdoor adventure, which means there will be stray tree stumps or blackberry vines or even ant hills. In Ashe County, the most popular tree variety is the Fraser Fir. Fraser Firs grow best on a slope, so be prepared to walk on an incline.

Become familiar with the farm...
All farms are different. Some will cut the tree for you, others may expect you to cut the tree yourself. Some will charge you by the foot while others by the individual tree. Not all farms take credit cards so bring cash. Call ahead or visit the farm's website to learn more about the one you are going to visit.

Be ready for more fun and adventures...
Ashe County has so many wonderful restaurants, shops, galleries and places to stay. To plan your adventure in Ashe County, visit www.AsheChamber.com

Looking for the Perfect Christmas Tree?
You'll find it in Ashe County—
The Coolest Corner of North Carolina!

Ashe County grows more Christmas trees than any other county in the United States. Our farmers have carefully cultivated Christmas trees on family-owned farms for generations. We are proud of our Christmas trees and we are proud of our farming heritage.

We'd like to share both with you. Visit us in Christmas tree country...
